Value statement

Honesty

Doing business with honest principles means standing firm, and having the courage to do the right thing. Our customers rely on us and trust our commitments because with integrity, we stand by what we say and what we do.

Excellence

We are continuously challenging ourselves to improve and innovate to exceed the expectation of our customers. We set the standard of excellence, not by comparison to others, but rather by the passion and desire to do the best that we are capable of doing.

Teamwork

Even with a variety of positions within Caravan Softoys and Big T Toys & Sports, we work together under the same vision and direction to satisfy the needs of our customers.

Through mutual support and encouragement, we foster an environment of respect and open communication to build a strong team. The success we have comes from the cohesive and cooperative environment that also allows each one of us to be unique and creative.

The image shows a full-page view of a notebook or worksheet. At the top center, the word "Notes" is written in a large, bold, black font. Below it, there are ten horizontal lines spaced evenly down the page, intended for writing notes. The entire background is covered with a repeating pattern of small, light-colored icons representing various children's toys, such as rocking horses, dolls, teddy bears, blocks, and balls.
